LEADERSHIP MESSAGE

“ Transparency and strong reporting remain critical as we respond to current and future humanitarian challenges ”

Message from the Board Chair
Ali Hassan Okunne, BBA, LL.B

“

Since our transition from a Community-Based Organization (CBO) to a Non-Governmental Organization (NGO) in 2025, this initiative is enabling Darul Quranul Karim in Kenya (DQK) to shift from an analogue reporting system to a fully digital platform. Through this transformation, we are strengthening our operational efficiency and accountability. In addition, we have formalized two strategic partnerships: one with HWPL from South Korea focusing on peace education, and another with SCI from United Arab Emirates to support humanitarian activities. This is a milestone success for DQK for FY 2025.
